## MOBILE STAGE FLOORING UNIT 4 or 5

C & M Productions has on offer mobile flooring to compliment our vast range of mobile stage and roofing systems.

These floors may be used on their own or in conjunction with one or more units to provide an extra large stage area or stage/ work area combinations with speed and simplicity. For example a 17.2m x 12.m floor may be achieved in 2 hrs.

Stage size:	11.7m x 8.8m (per unit)
Stage Area:	100.8m <sup>2</sup>
Stage Height:	1.5m
Stairs:	2 sets (unit c/w hand rail)
Floor Structure:	Structural Ply flooring
Floor Finish:	Grey non-slip paving paint
Transport Mode:	Single semi-trailer or B-Double configuration
Ramp:	5m x 1m loading ramp / unit

Units may be supplied with or without roofing system to suit any requirements, from a simple free standing hoecker to a full ground support pre-crawl concert roof. C&M have the ability to transport floors with their own roof, achieving optimum efficiencies.
